Just wondering if you can give me the cost to run this public notice. We are in a bit of a pinch for time. Thank you!

Legal Ad Department,

I would like to get a ***COST ESTIMATE ONLY*** for publishing the attached draft public notice document. This would be one day only for newspapers, and the minimum number of days for web services. If there is a charge for an affidavit of publication, please advise.

Since we are a government agency, requests for publication go through an approval process. Once this process is completed, an EPA acquisition specialist will contact your paper with the final version of notice to be published. We normally pay with a credit card.

Thank you.
